COMMUNITY GARDEN & LABYRINTH

Lutheran Church of the
Holy Trinity

Before pic of lawn

What will this project do?

Phase One

We seek to do three things with our project:

- Build raised beds that will be rented to the community to plant vegetables, flowers and herbs
- Build a labyrinth where people can nurture their spirit as they walk
- Provide a kid's space where they can sit and receive homework help after school

Phase Two

After the garden is built, we wish to collaborate with other gardens and organizations to provide education in the following areas:

- Gardening basics
- Healthy eating habits
- Cooking fresh produce

Starting to make our space beautiful

Why do we need this project?

Many parts of Vallejo are considered food deserts with limited or no access to fresh, affordable produce within one mile. East Vallejo is one of those areas with limited access, especially for those without a vehicle.

The drought in this state also means that many are seeking to do new things with their lawns. We have not been watering our lawn so it looks like the photo above. We are seeking to replace our lawn with a space to nurture body and spirit, accessible to the whole neighborhood.

Our city would benefit from having more places of beauty and peace, becoming green in a new way.

How you can Help

Sponsor a Bed

For \$150.00 you can sponsor a bed. This includes materials only: cost of lumber and soil. Renting the bed is separate! Make checks out to Lutheran Church of the Holy Trinity.

Donate to the Labyrinth

Donations are needed to cover materials: decompressed granite, landscape fabric, edging for the path and a small rock base.

Volunteer

- Volunteers to build beds at our next work day TBA
- Regular volunteers to help maintain the garden
